📍 Relizane. Algeria

Gender Male | Birth date June 16, 1981 in Mechaaia / Chlef |

Nationality Algerian |

WORK EXPERIENCE

Since 2021	Dean of the faculty of sciences and technology, university of Relizane (Algeria)
2017 - 2021	Director of Institute of Exact Sciences and Sciences of Nature and Life. Relizane university centre (Algeria)
2016 - 2017	Head of branch, Institute of Exact Sciences and Sciences of Nature and Life. Relizane university centre (Algeria)
2015 - 2016	Deputy director in charge of pedagogy. Relizane university centre (Algeria)
Since 2015	Teacher & Researcher . Institute of Exact Sciences and Sciences of Nature and Life. Relizane university centre (Algeria)
2010-2015	Research associate. GIS and Erosion Team leader. National Institute of Forest Research (Algeria)

SCIENTIFIC RESEARCH & PROJECTS & EXPERTISE

Since 2021	Project manager . PRFU project, mapping and modelling of water erosion in the Oued Mina watershed.
2017 - 2021	Project manager . National Research Program (PNR34). Spatial analysis of water erosion in semi-arid zone case of the Oued Mina sub-watershed.
2016 - 2017	Project member . National Research Program. Flammability, <i>cistaies</i> and spatialisation by remote sensing: case of the <i>Tlemcen</i> mountains (Western Algeria).
2015 - 2016	Project member . Research project, INRF-CRINA convention. Comparative study of the evaluation of soil losses by water erosion: Application of meshing techniques, cesium-137 and WEPP in the watershed of <i>Tiffles</i> (Algeria).
Since 2015	Project member . Study and development of water erosion in the marl areas of the <i>Dahra</i> massif (western Algeria).
2010-2015	Project member . Comparative study of the four provenances of holm oak <i>Djelfa - Tissemsilt-Tlemcen - Blida</i> (Algeria) with the realization of different protocols.
2012	Expert of project within the framework of scientific cooperation between Algeria and Tunisia.
2011	Expert General Direction for Scientific Research and Technological Development. member of the National Research Program evaluation commission.

SCIENTIFIC EVENTS

- 2020 **Chairman** of the 1st international symposium on the environment and sustainable development, February 10-11, Relizane university centre, Algeria.
- 2018 **Chairman** of the 1st international symposium on the environment and sustainable development, October 18, Relizane university centre, Algeria.
- 2018 **President** of the 1st forum on recycling and the environment April 23, (Algeria)
- 2017 **Co-chairman** of the Blue Ports and Dams Operation study day. (Algeria)
- 2017 Member of the **organizing committee** of the 1st Study Day "Science at the Service of Public Health and the Environment" November 27.

EDUCATION AND TRAINING

- 2017 Ph D of agronomic sciences. Option: agro-forestry from the university of Mostaganem (Algeria).
- 2013 Internship in Management of natural resources and sustainable rural livelihoods in National Institute of Rural Development in Hyderabad & Bangalore, India. Sept 23 - Oct 20.
- 2012 Training. National Institute of Forest Research & Federal University in Viçosa, Brazil. The application of the geographic information system (GIS) for the conservation of water and soil at the scale of the catchment area. And Concepts and theoretical foundations of GIS and their application in forest inventory.
- 2011 Training. National Institute of Forest Research & Federal University in Viçosa, Brazil. Intensive training on the use of ArcGis software version 10.0, and the application.

SCIENTIFIC PUBLICATIONS

- 2022 • In press. SIDI ADDA Mustapha, **Baghdadi Djilali**, Artificial Neural Network for modelling the sediments accumulation in Es-Saada reservoir (north-western Algeria). Int. J. Hydrology Science and Technology.
